

SPECIFICATIONS SHEET

Metal Floor Diffuser 4x10

Part #s: 00-04-300, 00-05-300, 00-06-300

Metal Floor Diffuser 4x10 is available in three color options, the diffuser is equipped without an adjustable damper to ensure proper balancing of the Rheia system.

SPECIFICATIONS

Available in one size to fit standard rough opening of 4" x 10".

Intended Use

For use with Rheia Floor Boot Assembly (10-01-280) only. Do not substitute with a floor diffuser equipped with adjustable baffles as this will significantly compromise airflow balance preventing the system from operating as designed. Not for installation in walls or ceilings.

Attach to wood framing using 3/4" pan head wood screws. Attach to steel framing using recommended sheet metal screws.

Material

Painted Steel.

Colors:

White: 00-04-300

Beige: 00-05-300

Grey: 00-06-300

100% recyclable.

Installation

Follow Rheia's Installation Guidelines for detailed installation procedures and practices.

Warranty

2-year limited warranty.

For warranty information go to www.rheiacomfort.com/contact.
